

IN THE CLAIMS:

Please cancel claims 1-9.

1-9 (Cancelled).

Please add the following new claims:

10. (New) A decorative molding for placing over a doorway or window of a structure, said molding comprising:

 a base strip having a plurality of apertures for attaching said base strip to said structure;

 a decorative strip having a front surface for covering said base strip; and

 a living hinge interconnecting said base strip and said decorative strip;

 said decorative strip being rotatable about said living hinge from an open position for allowing said base strip to be secured to the structure to a closed position for securing said decorative strip to said base strip and for hiding said plurality of apertures when in said closed position.

11. (New) The decorative molding as set forth in claim 10 further including a support structure for supporting said decorative strip relative to said base strip when said decorative strip is in said closed position.

12. (New) The decorative molding as set forth in claim 11 wherein said support structure is further defined as a support member interconnecting said decorative strip with said base strip.

13. (New) The decorative molding as set forth in claim 12 wherein said support member is further defined as being supported by one of said decorative strip and said base strip.

14. (New) The decorative molding as set forth in claim 12 wherein said support member is supported by said decorative strip.

15. (New) The decorative molding as set forth in claim 12 wherein said support member is supported by said base strip.

16. (New) The decorative molding as set forth in claim 10 further including a retaining mechanism retaining said decorative strip in said closed position over said base strip.

17. (New) The decorative molding as set forth in claim 16 wherein said retaining member is further defined as including a male member supported by one of said decorative strip and said base strip and a female member supported by said other of said decorative strip and said base strip for engagement therewith.

18. (New) The decorative molding as set forth in claim 17 wherein said male member is supported by said decorative strip and said female member is supported by said base strip.

19. (New) The decorative molding as set forth in claim 17 wherein said male member is supported by said base strip and said female member is supported by said decorative strip.
